

My Wishes for Final Arrangements

Physical Disposition

I want to be _____.
(buried, cremated, buried at sea, other)

I have made arrangements here:

(name/address/phone number of mortuary, cemetery, other.)

My arrangements are:

(details of burial – plot information, etc.)

My headstone will be:

(details you want on your tombstone, verified with the cemetery, also, have you already paid for it?)

Additional details for physical disposition not mentioned above:

Funeral Service:

Do you want a religious or secular (non-religious) service? _____

Do you have a favorite song, reading, poem, rant, or statement you wish read or sung at your funeral?

Do you have people you really want to be there or conversely, people you want to ban from attending?

Do you want an “open floor” or a set program? _____

Do you want an open casket? _____

Do you have pictures you want displayed? A specific outfit you would like to wear?

What about jewelry, do you want to “take it with you” or would you rather it go to someone? (think wedding rings and other special items)

Note – this is not the place to put “I want my pearls to go to Jenny” but rather specifically “I would like to be buried wearing my wedding ring and my pearls.”

Other things I want people to know about regarding my funeral/burial:
